JOB ANNOUNCEMENT:
Associate Governmental Program Analyst

The California Department of Food and Agriculture, Plant Health Division’s Integrated Pest Control Branch is recruiting to fill an Associate Governmental Program Analyst in its Sacramento office.

Under the direction of the Environmental Program Manager II (Branch Chief), the Associate Governmental Program Analyst (AGPA) independently performs the more complex technical, analytical, and policy assignments. The incumbent performs a variety of consultative and analytical staff services assignments, such as program evaluation, budget planning, personnel management, systems development, process analysis and improvement, and continually provides consultative services to management and staff.

More details about this position may be found on CALHR’s website at the link below:
ASSOCIATE GOVERNMENTAL PROGRAM ANALYST – SACRAMENTO COUNTY (JC-296897)

The primary responsibilities of the Integrated Pest Control Branch (IPCB) are the detection and control or eradication of exotic and invasive pests that threaten California’s agricultural and natural resources. This is accomplished through a number of general, federal, and industry funded Programs. These programs include Cotton Pest Program, Curly Top Virus Program, Hydrilla Eradication Program, Forest Service Grants Program, Vertebrate Pest Control Research Program, Bee Safe Program, Weed Program, Navel Orangeworm, Pink Hibiscus Mealybug Program, and the Biological Control Program.

FINAL FILING DATE: March 31, 2022

Electronic applications are preferred.

All mail or drop off applications must include “JC #296897”.

Mailing Application Packages
You may submit your application and any applicable or required documents to:
Department of Food & Agriculture
